Re: Special Notice Letter for the Chemical Recovery Systems Site
Elyria, Ohio
Allegheny Label/Dot Label

Dear Sir or Madam:

This letter follows the general notice letter that the U.S. Environmental Protection Agency (EPA) sent to you in connection with the Chemical Recovery Systems Superfund Site (Site), located in Elyria, Ohio. In that letter, EPA notified you of your potential responsibility under Section 107(a) of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA or Superfund), 42 U.S.C. § 9607(a), for the cleanup of the Site, including all costs incurred by the EPA in responding to releases at the Site. EPA is now contacting you in an attempt to resolve your responsibility at the Site.

Background

Based on an extensive review of records related to the release and/or disposal of hazardous substances at the Chemical Recovery Systems site, EPA identified you as one of approximately 75 viable non-deminimis potentially responsible parties (PRPs) that contributed hazardous substances to the Site. Under the federal Superfund law, you and the other PRPs are responsible for the costs of cleaning up the Site. EPA has selected a cleanup approach (formally known as a remedial action) for the Site which is described in a document called a Record of
